Exclusive collection

---

**“Enjoy life and sleep with joy.”**

Discover our new exclusive mattress collection, where sleep becomes an exceptional experience. Our goal is not only to strive for high quality and healthy sleep, but to ensure that you wake up with joy in the morning and enjoy exceptional rest in the evening. You will wake up full of energy and joy, living life to the fullest!

The Materasso Exclusive collection is the result of many years of experience in designing and creating mattresses. This collection combines precisely selected foams, fabrics, and covers which, thanks to the thermoelastic foam sewn into them, offer timeless comfort. All materials used in this collection come from renowned, brand-name manufacturers and hold the highest quality guarantee. In this catalog, we present to you a perfect collection-to help you enjoy life.

# Bee Essence

## Natural protection and comfort for healthy sleep

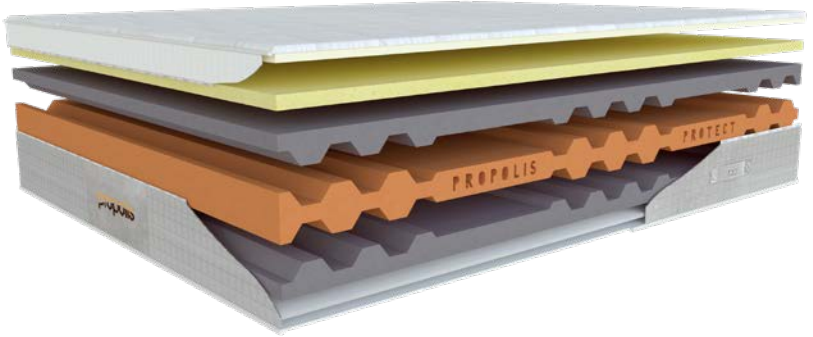

The mattress core combines natural materials that support healthy and hygienic sleep. Honey memory foam provides softness, elasticity, and a perfect fit to the body, enveloping it like a soft cocoon. Propolis foam, with its antibacterial and regenerative properties, creates a naturally clean sleeping environment, protecting against bacteria, mold, and allergens—without the use of chemicals. The combination of these components guarantees comfort, freshness, and healthy regeneration every night.

## Linen cover – natural comfort and elegance in harmony with health

The LINEN cover is a combination of comfort, style, and functionality. Thanks to its natural breathability, linen maintains an optimal temperature—cooling in summer, warming in winter, and effectively preventing sweating. It is hypoallergenic, antibacterial, and ideal for people with sensitive skin. Over time, the fabric becomes even more pleasant to the touch and gains a light massaging effect that supports circulation. The cover gives the mattress an elegant, timeless character and emphasizes its natural style.

## Mattress core

- 2 cm of thermoelastic foam in the cover
- 3 cm of Italian thermoelastic VISCO HONEY foam
- 6 cm of NIGHTFLY high-resilience foam
- 8 cm of HR PROPOLIS foam with a density of 40 kg/m³
- 6 cm of NIGHTFLY high-resilience foam

White LINEN

Brown LINEN

Exclusive collection

A close-up, artistic photograph of a hand reaching out to touch a field of lavender flowers. The hand is positioned in the upper left, with fingers gently hovering over the purple blooms. The background is a vast field of similar flowers, creating a sense of depth and immersion. The overall color palette is dominated by various shades of purple and lavender, with some green foliage visible. The lighting is soft, suggesting a gentle breeze or a calm moment in nature.

# Italia / Italia Quattro

## Comfort and fit for two

ITALIA is a high-quality hybrid mattress that combines the elasticity of high-resilience foams with innovative core profiling. Special incisions and the open-cell structure of the foams ensure a perfect fit to the body, optimal spinal support, and reduction of pressure points. The mattress is available in firmness levels H2, H3, as well as in the Partner and ITALIA QUATTRO versions, where two independent cores (Medium and Medium Hard) allow the firmness to be adjusted to each user's individual preferences. The buoyancy and elasticity make it easier to change positions and get out of bed, which is particularly important for seniors or individuals with bone and joint issues.

## SILVER PROTECT / ALGUA cover – hygiene and comfort in one

The cover combines two luxurious materials. Thanks to silver ionization, SILVER PROTECT has an antibacterial effect, reducing up to 90% of bacteria and microorganisms in just two hours. To increase comfort, 2 cm of thermoelastic foam has been sewn into it. The other side of the cover is ALGUA, featuring Spirulina microcapsules that support moisture absorption and maintain a fresh, hygienic sleep microclimate.

## Mattress core

### ITALIA H2/H3/PARTNER

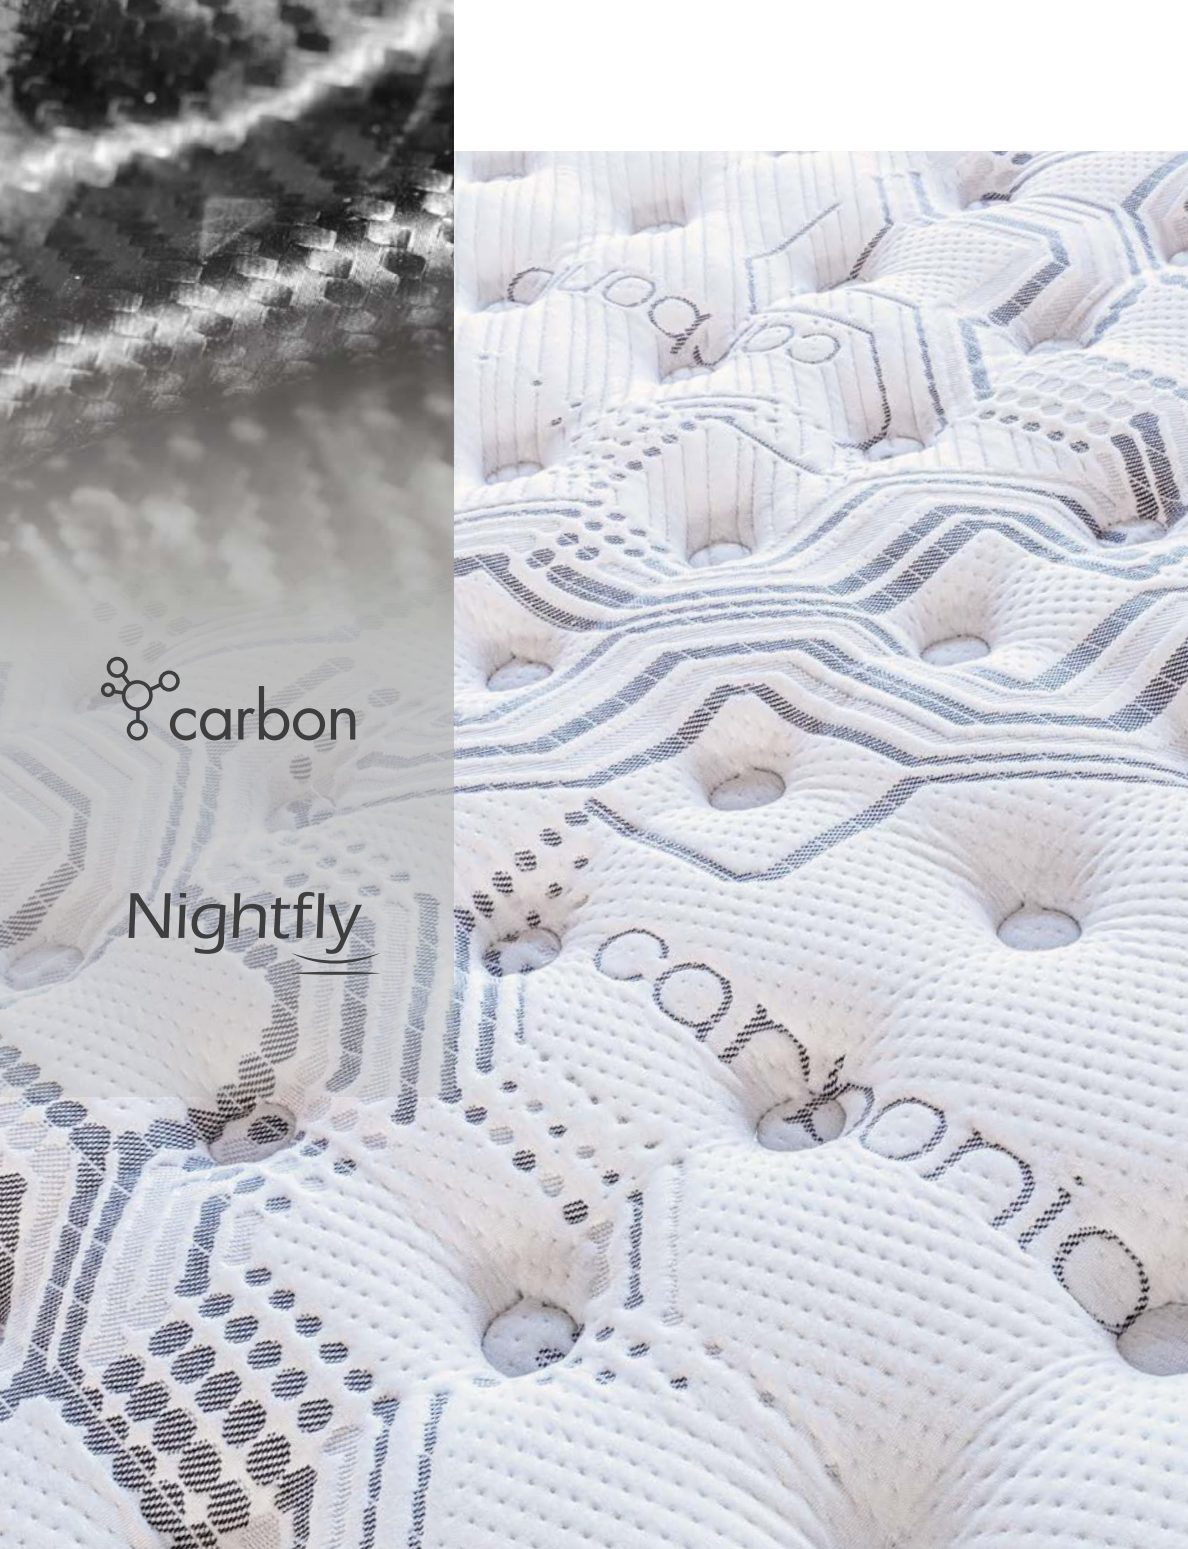

- 2 cm of thermoelastic foam in the cover
- H2 – 22 cm of NIGHTFLY high-resilience foam with special incisions
- H3 – 22 cm of LAVENDER high-resilience foam with special incisions

### ITALIA QUATTRO

- 2 cm of thermoelastic foam in the cover
- 11 cm of LAVENDER high-resilience foam with special incisions
- 11 cm of NIGHTFLY high-resilience foam with special incisions

Exclusive collection

# Carbonio Luxury

## A luxurious combination of elasticity and comfort

This hybrid mattress impresses with its exceptional premium cover. The core is elastic, providing excellent dynamics and deep support; even under heavy loads, it maintains its properties, guaranteeing full comfort. Two firmness levels are available, allowing the feel to be adjusted to individual needs. The spring core with a pocket spring system is complemented by layers of high-resilience foams, creating unparalleled sleeping comfort.

## Cover with innovative carbon fiber

The CARBON cover is fluffy and pleasant to the touch thanks to the foam and the air-conditioning layer. The carbon fiber is anti-static, supporting deeper and more relaxing sleep. The cover is durable, breathable, and aesthetic, featuring carrying handles and a 3D fabric sewn into the sides for better ventilation.

## Mattress core

- 4 cm of SOFTTOUCH foam in the cover
- 3 cm of NIGHTFLY high-resilience foam
- 3 cm of SUPPORT high-resilience foam
- 16 cm of pocket springs with 7 firmness zones
- 3 cm of LAVENDER foam

Exclusive collection

# Maggiore

## A perfect combination of comfort and support for the demanding

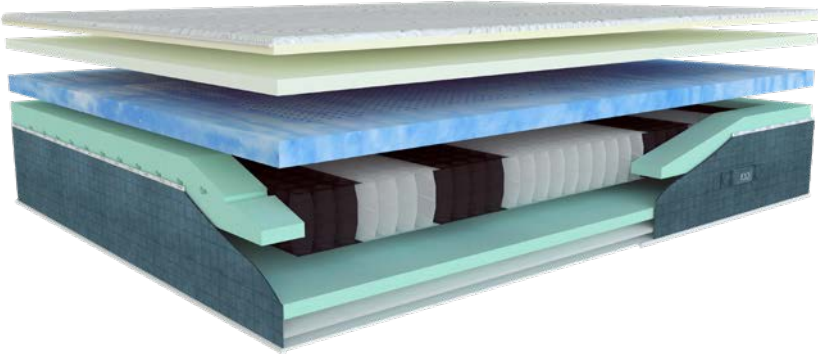

MAGGIORE is a hybrid mattress that combines the advantages of spring and foam construction. Thanks to high-quality components, it provides exceptional elasticity, stable spinal support, and reduction of pressure points. The HYDROLATEX foam core guarantees latex-like resilience and excellent ventilation, while the VISCO CAMILCA thermoelastic layer with chamomile oil maintains its durability even under intensive use. The pocket spring system with reinforced sides and AIR FLOW ensures optimal air circulation, and the BIORYTMIC cover with thermoelastic foam and handles increases user comfort.

## Cover with mineral energy for regenerative sleep

The BIORYTMIC cover contains natural minerals that support cellular communication and the proper functioning of the body. Mineral therapy reduces stress, relaxes the body, and aids regeneration, translating into deeper sleep and better well-being. The cover is equipped with a layer of thermoelastic foam for optimal comfort.

## Mattress core

- 2 cm of thermoelastic foam in the BIORYTMIC cover
- 3 cm of VISCO CAMILCA
- 5 cm of perforated HYDROLATEX BLUE foam
- 13 cm of pocket springs with 7 firmness zones
- 3 cm of ELIOCELL foam
- Reinforced sides with AIR FLOW system

# Toscania

## Innovative combination of comfort and hygiene for perfect sleep

The TOSCANIA mattress provides ideal sleeping conditions, excellent elasticity, and support for the natural curves of the spine. The innovative HERBAL foam with chamomile extract has antiseptic and soothing properties. VISCO WIND thermoelastic foam with "intelligent" PCM capsules regulates body temperature, ensuring an optimal microclimate throughout the night. A stable core of pocket springs with reinforced sides and the AIRFLOW ventilation system guarantees a perfect fit to the silhouette and long-lasting durability. The SILVER VISCO cover with ionized silver limits the growth of bacteria and dust mites, ensuring hygienic and fresh sleep.

## Cover for luxurious protection and comfort with ionized silver

The SILVER cover is a luxurious fabric with a SILVER PROTECT finish, which provides antibacterial effects through silver ionization, reducing the number of microorganisms and bacteria by up to 90% within two hours. It contains a layer of thermoelastic foam for optimal comfort. The sides of the mattress are finished with a contrasting fabric featuring practical handles for easy carrying.

## Mattress core

- 2 cm of thermoelastic foam in the SILVER cover
- 3 cm of AQUA SLEEP thermoelastic foam with PCM microcapsules
- 6 cm of HERBAL high-resilience foam
- 13 cm of pocket springs with 7 firmness zones
- 3 cm of HERBAL high-resilience foam
- Reinforced sides with AIR FLOW system

Exclusive collection

# Da Vinci Duo Side

## A revolutionary mattress with a double spring system

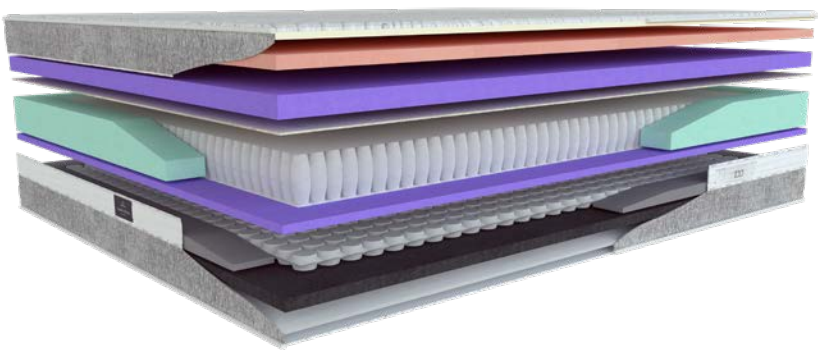

The innovative system of pocket springs and micro-springs perfectly adapts to the various weights and body types of the users. The double-sided construction allows a choice between a softer side with BLACK DIAMOND foam and micro-springs, and a firmer side with LAVENDER foam and VISCO ORANGE memory foam.

## Biorytmic cover – natural energy for your body

The removable cover contains EVO MIND memory foam, which increases comfort and improves the breathability of the mattress. It ensures maximum fit and convenience for everyone. The cover is enriched with natural minerals that support the body's balance and energy flow. Their effects help reduce stress, improve regeneration, and support the natural functioning of the body.

## Mattress core

- 2 cm of thermoelastic foam in the cover
- 3 cm of VISCO ORANGE thermoelastic foam
- 5 cm of LAVENDER foam
- Cactus fiber
- SYSTEM 1000 pocket springs with 7 firmness zones
- 2 cm of LAVENDER foam
- Mini pocket springs
- 3 cm of BLACK DIAMOND foam

# Natura

## Natural elasticity and support for every weight and need

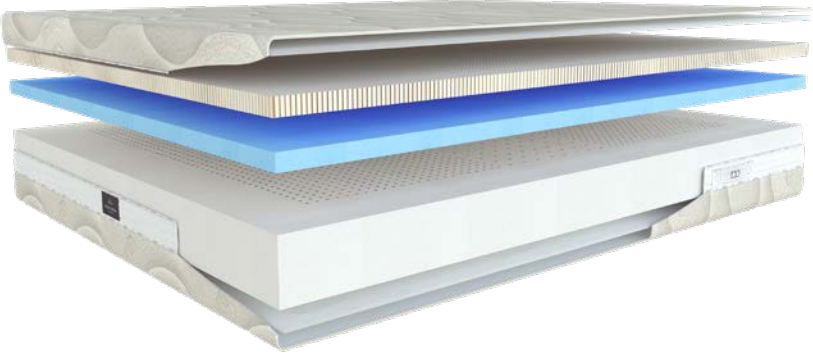

The core of the NATURA mattress is the ideal choice for those who value natural materials. TALALAY LATEX, combined with the flexible BLUE SKY HR foam, provides exceptional comfort and maximum resilience. TALALAY LATEX features an open-cell structure and a high proportion of natural ingredients, while HR foam is known for its excellent elasticity and durability. The core is complemented by HYDROLATEX foam, which increases the support and weight capacity of the mattress. Thanks to its gradually increasing firmness, the mattress is suitable for users weighing from 40 to 190 kg. NATURA is covered by a 10-year warranty.

## Organic cotton cover – natural comfort and protection

The ORGANIC COTTON cover is made from natural, hypoallergenic cotton that is pleasant to the touch, breathable, and perfectly wicks away moisture. It helps maintain a dry and fresh sleep climate by reducing sweating. Organic cotton is grown without the use of fertilizers or pesticides, protecting both the environment and human health. The cover is equipped with convenient carrying handles and a 3D fabric sewn into the sides, ensuring excellent ventilation.

## Mattress core

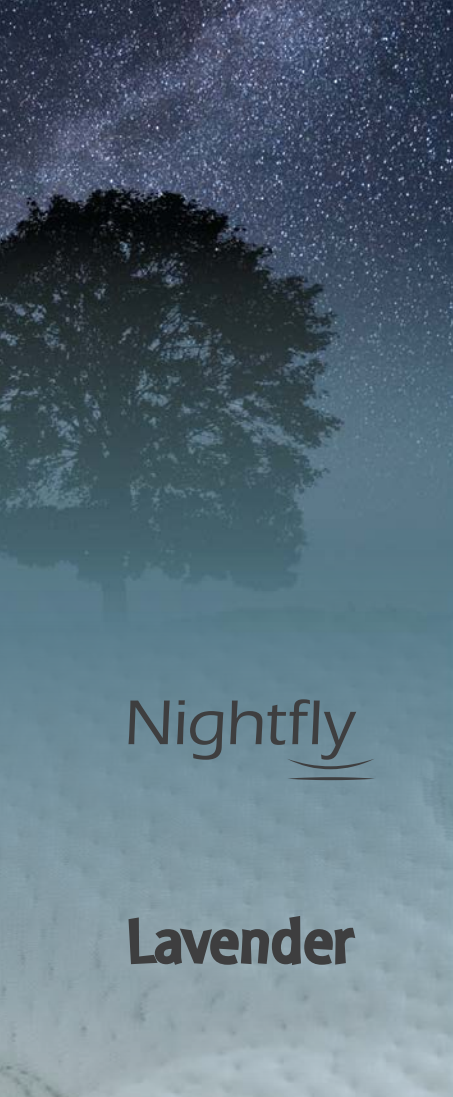

- 4 cm of TALALAY LATEX
- 4 cm of Swiss BLUE SKY foam
- 15 cm of HYDROLATEX

# Amalfi

## Luxurious comfort and support for healthy sleep

The core of the AMALFI mattress provides solid support and exclusive comfort. ELIOCELL foam with a density of 35 kg/m³ forms a stable base, while the middle layer of LAVENDER (40 kg/m³) is responsible for heat and moisture dissipation. NIGHTFLY foam, with its exceptional point elasticity, precisely adapts to the body's shape and is resistant to deformation. The cover is quilted with AIRGEL foam (3 cm), which regulates temperature and prevents sweating and overheating.

## Luxurious cover with antibacterial properties

The LYOCCELL cover is made from a natural material based on wood cellulose. It is velvety soft, durable, and gives the mattress a luxurious look. LYOCCELL perfectly absorbs moisture, dissipates it quickly, and ensures a high level of hygiene and antibacterial properties. The cover is removable, washable, features convenient handles, and a 3D fabric sewn into the sides, which guarantees excellent ventilation.

## Mattress core

- 3 cm of AIRGEL high-resilience foam in the cover
- 3 cm of NIGHTFLY high-resilience foam
- 6 cm of specially shaped LAVENDER foam
- 10 cm of ELIOCELL foam

**MD CE** This is a medical device.

Exclusive collection

# Rocca

## A hybrid mattress for the demanding

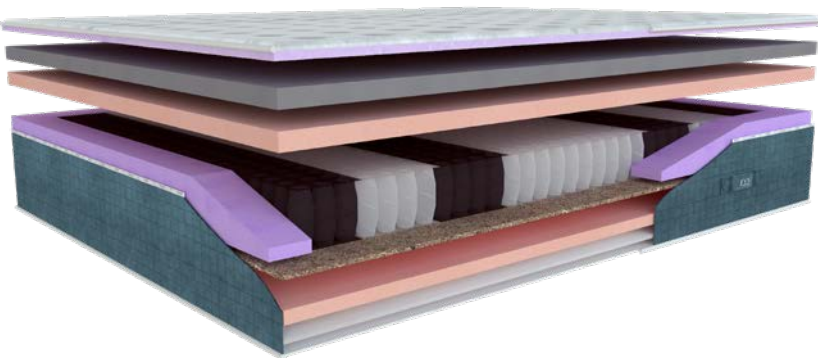

ROCCA is a fully balanced hybrid mattress that combines the advantages of spring and foam mattresses. It provides exceptional elasticity, perfect adaptation to the curves of the spine, and reduction of pressure points, guaranteeing comfortable and regenerative sleep. The NIGHTFLY foam core is characterized by breathability and a perfect fit to the body, while its optimal firmness combined with high-quality components ensures durability and stability for years.

## LYOCELL cover – luxury and hygiene in one

The LYOCELL cover is made from natural wood cellulose – it is velvety soft, breathable, and eco-friendly. Quilting with AIRGEL foam ensures the dissipation of excess heat, while its antibacterial and quick-drying properties maintain the hygiene of the mattress. The material retains its shape and provides a luxurious look and comfort, ideal for those who care about healthy and clean sleep.

## Mattress core

- 2 cm of breathable AIRGEL foam in the LYOCELL cover
- 4 cm of comfortable NIGHTFLY foam
- 4 cm of ELIOCELL
- 12 cm of pocket springs with 7 firmness zones
- 1 cm layer of coconut fiber
- 3 cm of ELIOCELL foam

Maximum Comfort

# Magnifico / Magnifico Polargel

## Maximum support and comfort thanks to memory foam

MAGNIFICO represents the pinnacle of comfort among memory foam mattresses, providing orthopedic spinal support during sleep. High-quality MEMORY FOAM with a density of 85 kg/m³ is used, guaranteeing long-lasting durability even under heavy loads. The thick layer of foam perfectly adapts to the body's shape, reduces pressure points, and ensures comfort even at low temperatures, where standard foams tend to harden. An additional top layer of GREENGEL foam in the MAGNIFICO POLARGEL version provides freshness and limits sweating.

## Luxurious cover with maximum comfort and ventilation

The ART CLIMATIC cover combines a luxurious look with functionality. The absence of quilting allows direct body contact with the memory foam, supporting its orthopedic properties. The high viscose content ensures softness and nourishes the skin, while the 3D PRESLESS material on the sides and bottom of the cover guarantees excellent mattress ventilation.

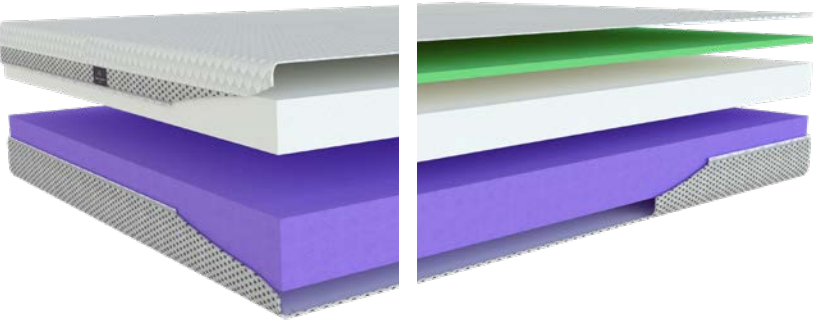

## Mattress core

### MAGNIFICO

- 10 cm of MEMORY FOAM (thermoelastic foam)
- 14 cm of LAVENDER foam

### MAGNIFICO POLARGEL

- 2 cm of fresh and cooling GREENGEL foam
- 10 cm of MEMORY FOAM (thermoelastic foam)
- 12 cm of LAVENDER foam

# Swiss Exclusive

## A mattress with exceptional durability and long lifespan

This mattress, featuring increased weight capacity and long-term durability, is equipped with the exclusive HR VITALIS foam, which is firmer yet maintains excellent elasticity to provide stable support. The cellular structure of the foam is resistant to moisture, high temperatures, and heavy loads. The comfort of the mattress is further enhanced by high-density EVO MIND memory foam.

## Cover with aromatherapy and the soothing effects of lavender

The LAVENDER cover, infused with lavender extract, effectively repels insects and provides aromatherapy during sleep. Lavender has beneficial effects on headaches, migraines, nervous tension, and insomnia, supporting relaxation and rest. The cover is also equipped with carrying handles and a 3D fabric sewn into the sides, ensuring excellent ventilation.

# Monaco Dream

## A mattress with natural hygiene and exceptional support

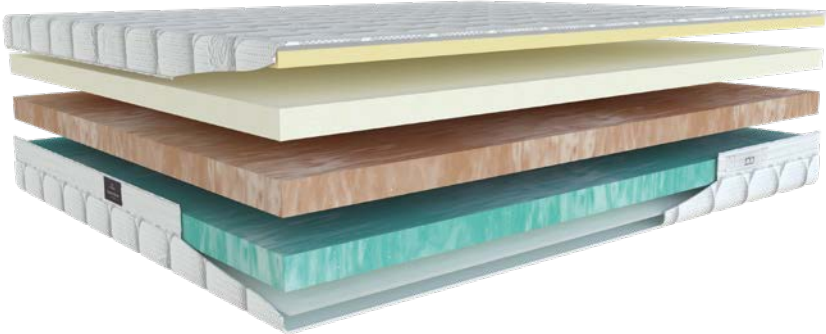

A mattress that combines natural EVO GREEN materials with a thick layer of EVO MIND memory foam to provide exceptional relaxation and comfort. The EVO GREEN foam, infused with ALOE VERA extract, enhances hygiene and eliminates dust mites and bacteria. Thanks to a unique core with two levels of firmness, the mattress offers optimal support and elasticity.

## Silver protection cover – antibacterial and hypoallergenic

The cover, featuring a special SILVER PROTECT coating, reduces bacterial growth by up to 90% within two hours, providing effective antibacterial protection ideal for allergy sufferers. It is equipped with 3D fabric for maximum moisture wicking and convenient handles for easy carrying.

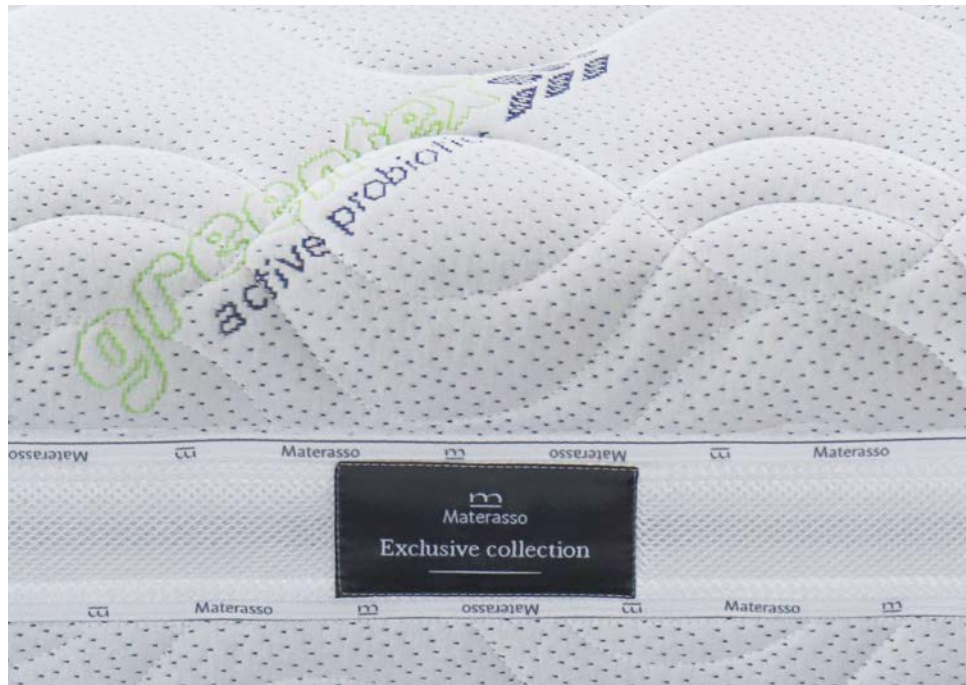

## Mattress core

- 2 cm of thermoelastic foam in the cover
- 6 cm of EVO MIND thermoelastic foam
- 7 cm of natural EVO GREEN SOFT foam
- 7 cm of natural EVO GREEN HARD foam

Exclusive collection

# San Marino

## A mattress with dual firmness and advanced thermoelastic foams

The SAN MARINO mattress offers two levels of firmness and a combination of modern foams that guarantee exceptional sleeping comfort. The top layer of EVO MIND memory foam provides comfort even in cool environments and instantly adapts to the shape of the body. The mattress core is complemented by a cover quilted with memory foam, and a 3D fabric sewn into the sides allows for optimal ventilation and freshness during sleep.

## Cover with probiotic protection against allergens and mold

The GREENTEX cover utilizes natural probiotics that effectively eliminate allergens, absorb moisture, and prevent the growth of mold. Probiotics also limit the presence of bacteria and dust mites, ensuring long-lasting hygiene. This is an ideal solution for allergy and asthma sufferers – for clean, healthy, and comfortable sleep.

## Mattress core

- 2 cm of thermoelastic foam in the cover
- 4 cm of EVO MIND thermoelastic foam
- 13/17 cm of NIGHTFLY high-resilience foam

Exclusive collection

# San Remo

## A mattress with exceptional comfort and excellent body support

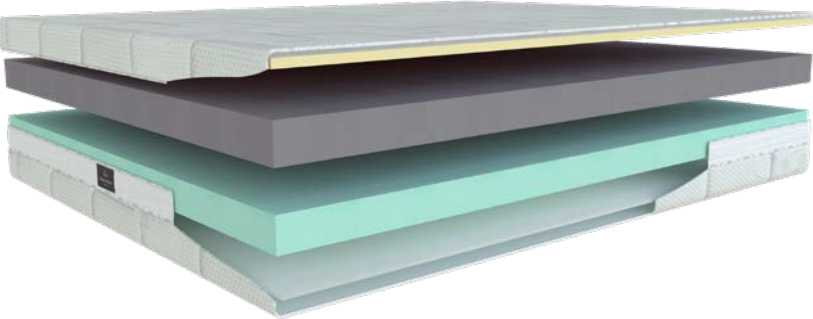

The SAN REMO mattress is designed for maximum relaxation and sleep ergonomics. The incorporated NIGHTFLY foam perfectly adapts to the body's shape, providing ideal spinal support and full resting comfort. It stands out for its high resistance to deformation, ensuring it maintains its properties over a long period. Additional comfort is provided by a cover quilted with memory foam and 3D fabric sewn into the sides, which guarantees excellent ventilation and an even greater feeling of freshness.

## Cover with therapeutic effects – for health and skin beauty

The ALGUA cover contains microcapsules with Spirulina seaweed extract, rich in vitamins, minerals, amino acids, unsaturated fatty acids, beta-carotene, iron, antioxidants, and protein. During sleep, these substances are gradually released, supporting skin regeneration and improving its appearance. This is a unique "Health & Beauty" concept that combines relaxing sleep with natural wellness therapy.

## Mattress core

- 2 cm of thermoelastic foam in the cover
- 9 cm of NIGHTFLY high-resilience foam
- 8 cm of ELIOCELL foam

**MD CE** This is a medical device.  
Use it according to the instructions for use or the label.
